

AeroLink for Microsoft Dynamics GP

Master Records

- ◆ Seamlessly imports information from Continuum's Corridor to Microsoft Dynamics GP (Great Plains)
- ◆ Eliminates the need to re-enter data, reducing errors and providing timely access to critical financial information
- ◆ Customers, vendors, addresses, and contacts are imported from Corridor
- ◆ Automatically updated in Microsoft Dynamics GP, if changed in Corridor, when the next import is run

Receivables and Payables

- ◆ Sales invoices and credit memos originate in Corridor and are imported into Microsoft Dynamics GP
- ◆ Sales information flows through Accounts Receivables and to the General Ledger
- ◆ Payable invoices and credit memos are also imported into Microsoft Dynamics GP in Accounts Payable
- ◆ This information flows through Accounts Payable and to the General Ledger
